

Anti-Poverty Week

27 September - 02 October 2010

Algoa Region

God's own son was born into poverty in a stable, in the year of a great census. Scripture tells us that in God's kingdom, "the least shall be the first". Does the way we live bear witness to this truth? Are we living in true solidarity with people who are poor, homeless and excluded

How did our world get into this dreadful condition in the first place?

South Africa: The majority of South Africans still perceived themselves as lacking enough food and income to meet all their household needs.

Zimbabwe "Now A Factory of Poverty"

Mozambique: growth with poverty. A difficult transition from prolonged war to peace and development

Botswana Ethnic minorities, such as the San, get little recognition or support from the government

Namibia: Namibia is a place of poverty amid plenty.

The main aims of Anti-Poverty Week are to:

Strengthen public understanding of the causes and consequences of poverty and hardship around the world

Encourage research, discussion and action to address these problems, including action by individuals, communities, organizations and churches

All our churches, organisations and individuals are encouraged to organise their own activities during the week or join in some being organised by others
